- 1) The arithmetic average of the "Total" scores of all jurors in the session is calculated.
- 2) If the score given by the juror is  $\pm 30$  points different from the arithmetic average, it does not participate in the final average.
- 3) The arithmetic average of the "Total" scores of the other jurors is recalculated.

At the end of the exam, all commissioners are requested to submit the exam evaluation forms they have filled out for each graduation project to the department secretariat. ECE Department Head
