DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING
SENIOR DESIGN PROJECT INTERIM REPORT FORM

Program (ELE/TEL/EHB/EHBE)   :
Student ID   :
Name and Last Name   :
E-mail   :
Advisor   :

1) Senior Design Project Title:

Title should completely explain senior design Project subject

2) Abstract:

An abstract which is introducing the problem shortly within 75-100 words.

3) Purpose and Significance of the Study:

In this title, you should explain why this subject is selected and prospective application areas.

4) Senior Design Project Progress Plan:

Work plan should contain a project progress calendar. Work plan should also contain next term work packages and short explanations (A progress plan, if there is any system to be developed, simulations to be made, data to be used, software/hardware, any achieved progress so far, etc., should be reported and summarized).

Weeks	1	2	3	4	5	6	7	8	9	10	11	12	13	14
Work package 1														
Work package 2														
Work package 3														
Work package 4														
Work package 5														
Work package 6														

5) References:

A list of references which could be used for the senior design project.

6) Senior Design Project Advisor Approval:

Please submit this form with signed approval by your advisor. Also write your name and sign below.
